SUMMARY FOR THE CHIEF MINISTER

**Subject ESTABLISHMENT OF SKILL DEVELOPMENT AND WORKFORCE AUTHORITY (KP-SWA)
UNDER IC&TE DEPARTMENT**

Skills development is universally recognized as a cornerstone for economic growth, workforce productivity, and enhancing employment opportunities. Globally, countries are increasingly prioritizing robust and responsive skills development systems to drive industrial growth, promote entrepreneurship, and strengthen labour market competitiveness.

2. Khyber Pakhtunkhwa, as a major contributor to Pakistan's overseas workforce, possesses substantial potential to further expand skills-based employment and increase remittance inflows. However, the provincial skills development landscape remains institutionally fragmented, with multiple departments and agencies independently designing and delivering technical and vocational education and training (TVET) program. This fragmentation has led to duplication, inconsistent certification standards, weak industry linkages, and poor alignment with labour market needs. As a result, the effectiveness and impact of the province's skills development system remain limited, constraining its contribution to sustainable employment and economic growth.

3. The Government of Khyber Pakhtunkhwa has been reviewing its skills development framework to strengthen institutional training systems, improve performance management, enhance industry linkages, and increase workforce employability. In this regard, the Government took note of the recent reforms undertaken by the other provincial governments. Accordingly, on the directions of the worthy Chief Secretary, Government of Khyber Pakhtunkhwa, a committee comprising the officers visited the Skills Development & Entrepreneurship Department, Punjab, on Monday, the 10th of November 2025 [Annex I](#)

4. Following the visit, the Committee presented its findings and recommendations to the worthy

Chief Secretary, Government of Khyber Pakhtunkhwa. After a series of consultative meetings, it was decided that, at this stage, instead of establishing a new department, the Government would initiate a set of reform measures within the existing institutional framework.

5. In this context, the Government of Khyber Pakhtunkhwa has an opportunity to reform its own skills governance framework by adopting a more contemporary governance approach in which the government retains the policy, coordination function while operational function executed through a professionally managed autonomous authority.

6. Currently, technical and vocational training in the province is delivered by a fragmented mix of departments and institutions, including KP-TEVTA, Social Welfare, Labour, Small Industries Development Board, Agriculture, local governments, and sector-specific programs. This lack of a unified governance structure has resulted in overlapping programs, inconsistent certifications, limited industry coordination, and weak alignment with employment pathways, making the skills ecosystem a collection of isolated initiatives rather than a cohesive workforce development system

[Annex II](#)

7. The proposed institutional framework envisions *a two-tier governance model*. The first tier provides streamlined policy coordination within the government, delivering strategic oversight and regulatory guidance. The second tier consists of an autonomous authority tasked with operational execution, managing day-to-day skills development activities, standardizing certifications, fostering industry partnerships, and ensuring training programs align with employment opportunities [Annex III](#)

8. In the top governance structure, ***Provincial Skills Coordination Secretariat*** may be established within the ***Industries, Commerce and Technical Education Department***, headed by *Special Secretary* to serve as the policy and coordination arm of government. This Secretariat would remain intentionally lean and focus on policy formulation, inter-departmental coordination, legislative and regulatory oversight, strategic workforce planning, and monitoring of system-wide performance indicators. Training institutions would not be directly administered by the Secretariat.

9. The operational execution would be carried out through the establishment of an autonomous statutory body, in the form of ***Khyber Pakhtunkhwa Skills & Workforce Authority (KP-SWA)***. This Authority would serve as the central platform for skills development, certification, industry engagement, and employment facilitation across the province. It would be governed by a Board chaired by the ***Chief Minister of Khyber Pakhtunkhwa***, integrating key functions such as training delivery, certification and assessment, regulation and standards, and the facilitation of employment and industry partnerships. To ensure effective responsiveness to labour market dynamics, KP-SWA would also host *specialized analytical units* responsible for **labour market intelligence, program monitoring, and tracer studies**, supported by a **provincial digital platform** for skills data management and credential verification.

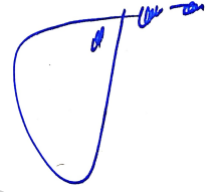

10. This reform implementation require a provincial policy decision for the proposed framework. This policy decision would authorize preparation of the legal and institutional framework required for establishment of the KP Skills & Workforce Authority. Subsequent steps include *necessary amendments to the Provincial Rules of Business* to designate the Industries, Commerce and Technical Education Department as the coordinating department for skills and workforce development, followed by enactment of a ***Khyber Pakhtunkhwa Skills & Workforce Authority Act*** to establish the Authority as an autonomous statutory body.

11. Implementation of the proposed framework would unify the provincial skills ecosystem by bringing together fragmented institutions and eliminating duplication of efforts. It would strengthen industry participation in skills development, standardize certification and training quality, and expand opportunities for overseas employment.

12. The Chief Minister is requested to approve the proposed framework, authorize the establishment of the ***Khyber Pakhtunkhwa Skills & Workforce Authority***, and permit the commencement of all necessary legislative and administrative measures to operationalize the framework.

13. The Chief Minister Khyber Pakhtunkhwa is the Competent Authority to accord the approval referred to in Para-12.

14. Proposal contained at Para-12 above is submitted for approval of the competent authority, please.

ADDITIONAL CHIEF SECRETARY - PLANNING & DEVELOPMENT

16. Summary has been examined. Planning & Development Department has no objection to the proposal of IC&TE Department contained at Para-12 of the Summary. However, it is suggested that input from all the concerned departments and stakeholders may be obtained prior to placement of the proposal before the Chief Minister, Khyber Pakhtunkhwa for approval.

HUMAN RESOURCE MANAGEMENT**

18. The proposal has been examined in light of the existing institutional landscape of skills development in the province. At present, technical and vocational training functions are dispersed across multiple departments and entities, resulting in duplication of effort, inconsistent certification regimes, and weak linkage with labour market requirements. This fragmentation has, over time, constrained the overall effectiveness of the system, with training delivery largely remaining supply-driven rather than aligned with employment outcomes. The case, therefore, presents itself not as an expansion initiative but as a structural correction aimed at unifying an already diffused ecosystem.

The proposed two-tier governance model; retaining policy, coordination and regulatory oversight within Government, while entrusting operational execution to an autonomous authority, appears conceptually sound. Such separation of roles is consistent with contemporary governance practice and provides a clear line of accountability for outcomes, particularly in areas such as certification standardization, industry engagement, and employment facilitation. The inclusion of labour market intelligence, tracer studies, and a provincial digital platform for skills data further strengthens the proposal by shifting focus from mere training provision to measurable employment impact.

It is also pertinent that similar institutional restructuring has been undertaken by the Government of Punjab, which has consolidated skills-related functions under a dedicated framework. The present proposal, therefore, aligns with an emerging provincial reform pattern and does not represent an untested approach. Given the scale of existing institutional footprint and the economic significance of skills development, particularly in relation to overseas employment and remittance inflows, the case for a coordinated and outcome-oriented system is well established.

19. In view of the above, the proposal of Industries Department at Para 12 is supported with the addition that after principle approval of Chief Minister,;-

- (i) detailed input of all concerned departments currently engaged in skills delivery is obtained to avoid functional overlap,

- (ii) the proposed Authority is designed as a consolidation platform rather than a parallel structure,
- (iii) financial, HR and transitional arrangements are clearly mapped, and
- (iv) the digital and labour-market intelligence components are built as core pillars of the framework.

NOTE FOR CHIEF SECRETARY KHYBER PAKHTUNKHWA

**Subject STUDY VISIT TO MANAGEMENT & PROFESSIONAL DEVELOPMENT DEPARTMENT,
PUBLIC RESOURCE MANAGEMENT PROGRAM AND SKILLED DEVELOPMENT
DEPARTMENT & ENTREPRENEURSHIP DEPARTMENT LAHORE, PUNJAB.**

The Government of Khyber Pakhtunkhwa is currently undertaking a review of its civil service capacity development framework with a view to strengthening institutional training, professional development, and performance management systems across provincial departments. In this context, the **Management & Professional Development Department (MPDD), Government of Punjab**, has emerged as a leading provincial model for structured training, induction programs, mid-career development, and specialized skill enhancement for civil servants. Similarly, the **Public Resource Management Program (PRMP)** under the Planning & Development Board, Punjab, provides a successful example of governance reforms, performance-based management practices, and exposure training initiatives supported through a long-term programmatic approach.

2. Furthermore, the Government of Khyber Pakhtunkhwa is presently examining options to **strengthen and reorganize the provincial skills development and technical education governance framework** in order to improve employability, industry linkages, and workforce competitiveness. In this context, the recent creation of the **Skills Development & Entrepreneurship Department** by the Government of Punjab in January 2025 represents a relevant institutional reform experience, particularly as it consolidates multiple skills-related organizations under one policy and administrative umbrella.

3. The purpose of the delegation's visit to the Government of Punjab is to study and learn from Punjab's recent institutional reforms in the areas of skills development, technical training, and civil service capacity-building. This includes examining the establishment of the **Skills Development & Entrepreneurship Department**, along with the organisational structures and operational experience of the **Management & Professional Development Department (MPDD)** and the **Public Resource Management Program (PRMP)**. The visit seeks to understand the policy rationale, governance frameworks, training architectures, transitional arrangements, and implementation strategies that underpin these reforms.

4. The following officers are proposed to visit the institution on schedule date and time.

1. **Management & Professional Development Department** and **Public Resource Management Program** on **Tuesday 11th November, 2025 at 1100 hours**, the team consist of Mr. Khan Mohammad Chief Instructor, Provincial Services Academy, Mr. Kashif Iqbal Jilani, Additional Secretary Establishment, Mr. Noor Ul Haq Deputy Director, PMRU, and Mr. Tariq Mehmood Deputy Secretary HRD, Establishment Department. Agenda of the visit is added as [Annex I-pg#1](#)
2. **Skilled Development & Entrepreneurship Department** on **Monday 10th November, 2025 at 1100 hours**, the team consist of Mr. Masood Ahmed Secretary to Government of Khyber Pakhtunkhwa, Industries Department, Mr. Mansoor Qaiser, MD TEVTA, Mr. Abid Alam Director Academics TEVTA and Mr. Kashif Iqbal Jilani, Additional Secretary Establishment department. Agenda of the visit is added as [Annex II-pg#1](#)

5. The Chief Secretary, Khyber Pakhtunkhwa is requested to approve the visit proposal contained at Para 4/N above please.

SECRETARY - ESTABLISHMENT

**AGENDA OF VISIT TO MANAGEMENT & PROFESSIONAL DEVELOPMENT
DEPARTMENT, PUBLIC RESOURCE MANAGEMENT PROGRAM ON TEUSDAY,
11TH OCTOBER, 2025.**

- 1) **Briefing on MPDD's role, mandate, and institutional setup;** including training governance, administrative structure, and faculty development model.
- 2) **Overview of induction, mid-career and specialized training frameworks;** for PMS and departmental officers, including curricula, evaluation, and course delivery systems.
- 3) **Demonstration of digital learning, LMS, e-governance integration, and blended training mechanisms;** adopted by MPDD.
- 4) **Session with PRMP on governance, performance management, and resource optimization reforms;** and how these are operationalized across provincial departments.
- 5) **Presentation on foreign and domestic exposure training programs,** selection criteria, funding, and post-training knowledge-sharing mechanisms.
- 6) **Discussion on potential collaboration areas,** such as joint training modules, exchange programs, and technical support for establishing a training and capacity development framework in KP

**AGENDA OF VISIT TO SKILLED DEVELOPMENT & ENTREPRENEURSHIP
DEPARTMENT ON MONDAY, 10TH OCTOBER, 2025.**

- 1) **Foundational Briefing on the Establishment of the Department;** Policy rationale, steps taken to create the department, transitional arrangements from previous administrative setup.
- 2) **Organizational Structuring and Functional Assignment in the Early Phase;** How mandates were distributed among the Department, TEVTA, Technical Board, and Skills Development Fund during the initial establishment phase.
- 3) **Human Resource, Financial, and Infrastructure Integration Process;** Challenges and approaches in shifting staff, budget lines, institutional oversight, and administrative controls in the transition stage.
- 4) **Development of Policy Frameworks and Operating Procedures;** Current progress on rules, SOPs, coordination mechanisms, planning & monitoring frameworks, and areas still evolving.
- 5) **Early-Stage Implementation Experience and Key Challenges;** Practical lessons on change management, departmental stabilization, inter-departmental coordination, and stakeholder engagement.
- 6) **Discussion on Future Directions and Potential Areas for Collaboration;** Opportunities for knowledge exchange, technical support, and long-term cooperation between Punjab and Khyber Pakhtunkhwa.

ANNEXURE

S No.	Name of Entity/Dept	Level of degree/ diploma/certificate	No. of institutes
1	KP-TEVTA	• B. Sc 04 years • DAE 03 year • Vocational and skill development courses of 03 months to 01-year duration	• Government Colleges of Technology (GCTs): 11 • Government Polytechnic Institutes (GPIs): 25 • Government Technical & Vocational Centers – Male (GTVCs-M): 49 • Government Technical & Vocational Centers – Female (GTVCs-F): 22
2	Social Welfare Department	Short courses	Through its institutions
3	Labor Department (Worker Welfare Board)	• 03 year post matric Diploma • Short courses	• Polytechnics: 07 • Monotechnic: 08 • Matric Tech Institutes: 07 • Lady Industrial Homes: 11 Total: 33 Institutes
4	Agriculture Department	Agribusiness and livestock related diploma and certificate level courses	Through its different institutions
5	Local Government Department	Short courses mostly in municipal services only	-
6	KP-SIDB	• Short courses	30
7	KP-IT Board	• IT skills for graduates and under graduates	-
8	Commerce Department	• Offering Diploma in Information Technology	44
9	Prison Department	• TVET education to prisoners	02
10	Energy & Power Department	• Institute of Petroleum Technology Karak	01
